002 004 006 008 003	
ID01228...	Merko M15, female part
002 004 006 008 003	

MERKO P2

Male ear tag Merko P2.
Blind rigid tip in hard plastic.
Square shape, 24 x 24 mm.
Female ear tag Merko P2.
Cap partially closed tip in hard plastic.
Square shape, 24 x 24 mm.
Blank.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID01029...	Merko P2, male part
002 004 006	
ID01229...	Merko P2, female part
002 004 006	

MERKO P3

Male ear tag Merko P3.
Blind rigid tip in hard plastic.
Square shape, 30 x 30 mm.
Female ear tag Merko P3.
Open cap.
Square shape, 30 x 30 mm.
Blank.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID01030...	Merko P3, male part
002 004 006 008 003 001 009	
ID01230...	Merko P3, female part
002 004 006 008 003 001 009	

VISUAL EAR TAGS

MERKO M6

Male ear tag Merko M6.
Blind rigid tip in hard plastic.
Round shape, ø 26 mm.
Female ear tag Merko M6.
Cap partially closed.
Round shape, ø 26 mm.
Blank.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID01031...	Merko M6, male part
002 004 006 008 003 001 009	
ID01231...	Merko M6, female part
002 004 006 008 003 001 009	

MERKO M10

Male ear tag Merko M10.
Blind rigid tip in hard plastic.
Oval shaped, 35 x 28 mm.
Female ear tag Merko M10.
Cap partially closed.
Oval shaped, 35 x 28 mm.
Blank.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID01032...	Merko M10, male part

002 004	
ID01233...	Merko P2U, female part
002 004	

BIOPTIC EAR TAGS

OSID TST

Male ear tag bioptic Osid TST.
Blind rigid tip in hard plastic.
Trapezoidal, 57 x 70 mm.
Female ear tag bioptic Osid TST.
Closed cap.
Trapezoidal, 57 x 78 mm.
Polyurethane.
Blank.
Tamperproof.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID02003...	Osid TST, male part
004 007	
ID02203...	Osid TST, female part
004 007	
ID02500301	Metal sampling needle
ID02500302	Tube for deposition of tissue samples

BIOPTIC EAR TAGS

OSID TST SMALL

Male ear tag bioptic Osid TST - Small.
Blind rigid tip in hard plastic.
Round shape, ø 30 mm.
Female ear tag bioptic Osid TST - Small.
Closed cap.
Round shape, ø 30 mm.
Polyurethane with high flexibility and resistance.
Blank.
Tamperproof.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID02004...	Osid TST - Small, male part
004 007	
ID02204...	Osid TST - Small, female part
004 007	
ID02500301	Metal sampling needle
ID02500302	Tube for deposition of tissue samples

ELECTRONIC EAR TAGS

OSID COMBI E23

Electronic RFID female ear tag Osid Combi E23.
Partially closed cap.
Transmission protocol FDX/B, ISO 11784-85.
Round shape, ø 23 mm.
Polyurethane.
Blank.
Tamperproof.
Available also ear tag Osid Combi E23 with open cap.
Coupled with any male part of Osid and Allflex lines.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID03202...	with partially closed cap
004 007	
ID03203...	with open cap
004 007	

OSID COMBI E30

Electronic RFID female ear tag Osid Combi E30.
Partially closed cap.
Transmission protocol HDX, ISO 11784-85.
Round shape, ø 30 mm.
Polyurethane.
Blank.
Tamperproof.
Available also ear tag Osid Combi E30 with open cap.
Coupled with any male part of Osid and Allflex lines.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID03206...	with partially closed cap
004 007	
ID03207...	with open cap
004 007	

MERKO B80

Electronic RFID female ear tag Merko B80.
Open cap.
Transmission protocol FDX/B, ISO 11784-85.
Round shape, ø 26 mm.
Polyurethane.
Blank.
Coupled with any male part of Allflex lines.
Alphanumeric laser printing.

PRODUCT CODE	PRODUCT DESCRIPTION
ID03211004	Merko B80

IMPLANT SUBCUTANEOUS MICROCHIPS

KIT OS 120P

Kit OS 120P, disposable, single-use syringe with a microchip inside, polyethylene with internal spring for easy application.
Steel AISI 304 needle and poliamide (luer-lock connector).
Microchip 12 x 2 mm, BIO GLASS coated with a layer of parylene to avoid migration.
Transmission protocol FDX/B, ISO 11784/85 and HDX, ISO 11784/85.
Box with 10 units and 8 labels each.

PRODUCT CODE	PRODUCT DESCRIPTION
ID05001101	Kit OS 120P, FDX/B (pack 10 pcs.)
ID05001102	Kit OS 120P, HDX (pack 10 pcs.)

EAR TAGS APPLICATORS

APPLICATOR ALLFLEX TOTAL TAGGER

Applicator Allflex Total Tagger.
Replacement pin.
For both visual and electronic ear tags.

PRODUCT CODE	PRODUCT DESCRIPTION
ID06003000	Applicator Allflex Total Tagger
ID06004201	Combi needle

APPLICATOR MERKO SQUARE TAGGER

Applicator Merko Square Tagger, in metal with ergonomic handle.
Supplied with pin for the application of square ear tags Merko P2 and P3.

PRODUCT CODE	PRODUCT DESCRIPTION
ID06015000	Applicator Merko Square Tagger

APPLICATOR MERKO TAGGER

Applicator Merko Tagger, in metal with ergonomic handle.
Supplied with pin for the application of square ear tags Merko M6 and M10.
The interchangeable pin allows the application of electronic ear tags B80.

PRODUCT CODE	PRODUCT DESCRIPTION
ID06016000	Applicator Merko Tagger

EAR TAGS APPLICATORS

APPLICATOR OSID COMBI TST

Applicator Osid Combi TST, in metal with ergonomic handle.
For the application of Osid bioptic ear tags.

PRODUCT CODE	PRODUCT DESCRIPTION
ID06006000	Applicator Osid Combi TST

APPLICATOR OSID MICRO

Applicator Osid Micro, in lightweight plastic, specific for the application of Osid Micro ear tags.

PRODUCT CODE	PRODUCT DESCRIPTION
ID06007000	Applicator Osid Micro

READERS FOR ELECTRONIC ANIMAL IDENTIFICATION

AGRIDENT READER APR500

Agrident portable reader APR500, ISO 11784/85, for the reading of transponders FDX/B and HDX.
With connection for external antenna and charger, IP64.
With large LCD screen and alphanumeric keypad.
Extremely easy to handle thanks to its small sizes: 175 x 92 x 40 mm and 350 gr.
Available different models.
Available a wide range of antennas and accessories.

PRODUCT CODE	PRODUCT DESCRIPTION
ID07001101	APR500 E, standard interfaces USB
ID07001102	APR500 BT, standard interfaces USB and bluetooth
ID07001103	APR500 G, standard interfaces USB, bluetooth and GPRS
ID07001104	APR500 WF, standard interfaces USB and WI-FI
ID07001105	APR500 BC, standard interfaces USB, bluetooth and barcode reader

AGRIDENT READER AIR300

Agrident AIR300, integrated modul for PSION® handheld and Workabout PRO MOTOROLA, ISO 11784/85, for the reading of transponders FDX/B and HDX, combining the possibilities of a PC with Windows operating system.
With connection for external antenna.
Available a wide range of antennas and accessories.

PRODUCT CODE	PRODUCT DESCRIPTION
ID07002000	Agrident reader AIR300

READERS FOR ELECTRONIC ANIMAL IDENTIFICATION

BIOCONTROL READER HHR3000 PRO V2

Biocontrol portable reader HHR3000 Pro V2, ISO 11784/85, for the reading of transponders FDX/B and HDX. Easy to handle thanks to the weight of only 550 gr, robust for use in the most extreme conditions. With large LCD screen and LED indicator light for the control of the reading process. Standard interfaces USB. Available different models. Available a wide range of antennas and accessories.

PRODUCT CODE	PRODUCT DESCRIPTION
1D07006101	with fix long coil antenna
1D07006102	with fix short antenna
1D07006103	with fix short coil antenna
1D07006104	with fix medium antenna
1D07006105	adapted for interchangeable antenna
1D07006106	with internal antenna

ALLFLEX STICK READER RS420

Allflex stick reader RS420, ISO 11784/85, for the reading of transponder FDX/B and HDX, IP67. With large LCD screen. A buzzer and a vibration signals reading. With serial port, USB and BT module. Rechargeable battery, 3 hours use.

PRODUCT CODE	PRODUCT DESCRIPTION
1D07011000	Allflex stick reader

EAR NOTCHERS FOR PIGS

EAR NOTCH

Pocket ear plier for pigs, made of stainless steel. Available different figures notch.

PRODUCT CODE	PRODUCT DESCRIPTION
0001911	V notch
0001912	U notch
0001913	Rectangular notch
0001914	Roof-like notch

NOTCH WITH ARTICULATED LEVERS

Plier for ear marking, by levers articulated, lacquered, with multiple action. Measurements: length 23 cm, ø punch 10 mm, with 12 different carving figures. Complete series of punches, available singles, too.

PRODUCT CODE	PRODUCT DESCRIPTION
0161001000	Notch with articulated levers

MARKING HAMMERS

MARKING HAMMER

Marking hammer of high quality, made of metal. Double cross row. Character height 20 mm, 10 digits. Very handy and lightweight, with comfortable ergonomic rubber handle.

MORE INFO ONLINE
Available plates and tattooing signs
